Dear Parents/Carers,

Some parents have recently commented how wonderful it has been to hear the children come home and speak so enthusiastically about their learning. This has been particularly evident in Kingfishers and Herons, who have been fascinated by their 'What is the Buzz about Bees' enquiry. Children have been full of new facts and information about bees and their importance to humans. This will be followed up soon by creating a bug hotel in design and technology.

This term at Eden Park we have been starting block learning by spending two weeks doing a sequence of closely linked lessons over the fortnight, rather than doing a lesson every week and then sometimes forgetting what had been learnt before. Although early days, this has proved very popular with the children and increased both their motivation and understanding.

We wish everyone a safe and happy weekend.

Girl's Cricket

A huge well done to our KS2 Girl's Cricket team that took part in a competition at Instow with other primary schools this week. They have been training hard at the lunchtime cricket club that has been running since Easter and showed off their skills at the event. They managed victories against Newport and Southmead schools, although they lost to the eventual overall winners Caen. A huge well done everyone involved for the great teamwork they showed. They really earned the ice-lolly reward!
